

## DAFTAR GAMBAR

|                                                                     |    |
|---------------------------------------------------------------------|----|
| <b>Gambar 2.1</b> Konsep MQTT.....                                  | 8  |
| <b>Gambar 2.2</b> Arsitektur SCADA.....                             | 10 |
| <b>Gambar 2.3</b> Tahapan Penggunaan Metode AHP.....                | 13 |
| <b>Gambar 2.4</b> Sruktur Hierarki.....                             | 14 |
| <b>Gambar 3.1</b> Diagram Blok Sistem.....                          | 19 |
| <b>Gambar 3. 2</b> Desain Perangkat Keras.....                      | 22 |
| <b>Gambar 3.3</b> Haiwell AT12M0T .....                             | 24 |
| <b>Gambar 3.4</b> Haiwell C10S.....                                 | 25 |
| <b>Gambar 3.5</b> PZEM - 017 .....                                  | 26 |
| <b>Gambar 3.6</b> ZTS-3000-FSJT120.....                             | 28 |
| <b>Gambar 3.7</b> E18-D80NK.....                                    | 29 |
| <b>Gambar 3.8</b> Kinco KC100.....                                  | 30 |
| <b>Gambar 3.9</b> INA219.....                                       | 31 |
| <b>Gambar 3.10</b> Diagram Alir HMI.....                            | 32 |
| <b>Gambar 3.11</b> Diagram Alir Pada Web.....                       | 33 |
| <b>Gambar 4.1</b> Pengujian Sensor Kecepatan Angin.....             | 36 |
| <b>Gambar 4.2</b> Pengujian Sensor Tegangan.....                    | 37 |
| <b>Gambar 4.3</b> Pengujian Sensor Putaran Turbin.....              | 38 |
| <b>Gambar 4.4</b> Pengujian Sensor Arus.....                        | 39 |
| <b>Gambar 4.5</b> Pengujian Sensor Arus.....                        | 40 |
| <b>Gambar 4.6</b> Hasil CR Software Expert Choice.....              | 42 |
| <b>Gambar 4.7</b> Hasil Pembobotan Pada Software Expert Choice..... | 44 |
| <b>Gambar 4.8</b> Hasil Pengujian Throughput.....                   | 48 |
| <b>Gambar 4. 9</b> Hasil Pengujian Jitter.....                      | 49 |
| <b>Gambar 4.10</b> Hasil pengujian Range.....                       | 49 |
| <b>Gambar 4.11</b> Hasil pengujian konsumsi daya.....               | 50 |
