

PREFACE

All praises to Allah SWT because with His Grace, the author can complete the preparation and writing of the final project proposal properly in accordance with the planned timeline so as to produce a final project proposal entitled "FEASIBILITY STUDY OF MINI HYDROELECTRIC POWER PLANT DEVELOPMENT AT CIKAMUNDING VILLAGE". All gratitude and thanks are also expressed to all parties who have helped the author during the completion of this final project proposal, namely to:

1. Dr. Ir. Nanang Suryana, M.T., as the author's first thesis advisor who has provided guidance and direction during the preparation and writing of the final project thesis.
2. Dr. Ir. Sinta Aryani, MAIS, as the second thesis advisor who has given guidance, direction, suggestions, and recommendations for author's thesis content and writing.
3. Project manager of the Cikamunding MHPP development which has allowed the author to conduct the research and analysis
4. Author's parents who have contributed a lot to the author's academic life, which allowed author to gain experience and study at Telkom University
5. Author's main support system, Cecilia, Nasywa, Latifah, Vivian, Kayyisa, Egidea, Athallah, and Jihan, which has supported the author through the ups and downs in every aspect in life
6. Friends and acquaintances alike that have helped the author's during the time of this final project preparation and writing.

This report is written as a form of fulfillment of obligations to graduate as a bachelor of industrial engineering. The author realizes that in writing this proposal there are still many shortcomings. Therefore, the author welcomes all forms of constructive criticism and suggestions.
