

LIST OF TABLES

3.1	System Requirements Specification	33
4.1	Average Model Evaluation Results Based on Learning Rate Variations of all data	35
4.2	Model Evaluation Results for Sample 3c with Various Learning Rates	35
4.3	Average Model Results for Each Batch Size of all data	36
4.4	Model Evaluation Results for Sample 3C with Various Batch Sizes .	36
4.5	Average Model Evaluation Results Based on Optimizer for all data .	37
4.6	Model Evaluation Results for Sample 3C Based on Optimizer	38
4.7	Model Evaluation Based on Data Split Ratio for all data	38
4.8	Model Evaluation Result on 40:60 Data Split of all data	40
4.9	Classification Report 3c	42
4.10	Classification Report 5a	43
4.11	Model Performance Comparison of all dataset	45
4.12	Comparison of Validation Accuracy With and Without Data Augmentation (DA) split 40:60	47
4.13	Classification Report Model 5a with Data augmentation	49
4.14	Classification Report 3c with Data Augmentation	50
