

PREFACE

Praise and gratitude are due to Allah SWT who has given His grace and guidance so that the author can complete the writing entitled “Technical Analysis of Fiber To The Home (FTTH) XG-PON And 1.4 Ghz 5G Fixed Wireless Access (5G FWA) As Indonesia Affordable Access Network Option”. This writing is submitted as a requirement to obtain a Master of Engineering degree from the Faculty of Electrical Engineering, Telkom University.

The author realizes that there are still many shortcomings in this writing so that the author expects criticism and suggestions from various parties as a perfection of this writing. Finally, I hope this paper can contribute to the development of telecommunications in Indonesia.
