

ACKNOWLEDGEMENT

This master's thesis would not have been possible without the help and support of several parties. This master's thesis book is dedicated to:

1. Allah SWT, for His countless blessings and mercy, so this master's thesis book could be completed. Even though there were obstacles, it was due to my self-limitation.
2. My advisors, Dr. Ir. Rina Pudji Astuti, M.T. and Dr. Erna Sri Sugesti, S.T., M.Sc. for all invaluable guidance, support, and encouragement throughout the research and writing process. As well as the willingness and patience in guiding a student who often disappears like me.
3. My parents, Yosi Oktariani, Mama, and Eri Novriyanto, S.T., Papa, for all the unwavering love, affection, support, patience, and prayers to me. I am very grateful for everything invaluable that has always been poured out to me.
4. My partner, M. Iman Rahmanda, S.T., for all the support and patience while helping me with this book research and writing process. Apart from that, thank you for being there at every step of my life process.
5. My best friend, Regitha Cahya Madyani, S.Pd., for all support and ear during this book writing process, also during any situations when I needed a place to tell stories.
6. My little brothers, Muhammad Abdul Malik Fajar, Muhammad Rayhan Bagaskoro, and Ahmad Muzzammil Haqqi, for always providing a lot of joy
7. My families and friends, who always provide support and prayers.
