|------|-------------------------------------------------------------|----|
| 2.1  | Starlink Frequency Allocation and Modulation Type . . . . . | 12 |
| 2.2  | Frequency spectrum . . . . .                                | 16 |
| 2.3  | QoS Standard Parameter . . . . .                            | 20 |
| 3.1  | Research Location . . . . .                                 | 33 |
| 3.2  | Transmitter Parameters . . . . .                            | 36 |
| 3.3  | Link Geometry Parameters . . . . .                          | 36 |
| 3.4  | Propagation Loss Parameters . . . . .                       | 37 |
| 3.5  | Receiver Parameters . . . . .                               | 37 |
| 3.6  | Geographic Coordinates of User Terminal Locations . . . . . | 37 |
| 3.7  | Starlink Satellite Position Parameters . . . . .            | 38 |
| 3.8  | Slant Range in Each Region . . . . .                        | 38 |
| 3.9  | Total Cost of Ownership (TCO) for Each Service . . . . .    | 39 |
| 3.10 | Minimum Wage Income . . . . .                               | 40 |
| 4.1  | Download Throughput Statistics . . . . .                    | 41 |
| 4.2  | Upload Throughput Statistics . . . . .                      | 47 |
| 4.3  | Latency Statistics . . . . .                                | 52 |
| 4.4  | Jitter Statistics . . . . .                                 | 58 |
| 4.5  | Packet Loss Statistics . . . . .                            | 63 |
| 4.6  | Network Availability . . . . .                              | 69 |
| 4.7  | Starlink Link Budget Results . . . . .                      | 71 |
| 4.8  | SNR Calculation by Region . . . . .                         | 71 |
| 4.9  | Starlink Capacity Estimation . . . . .                      | 72 |
| 4.10 | Cellular Network Capacity Estimation . . . . .              | 73 |
