

ACKNOWLEDGEMENTS

With gratitude, the author expresses heartfelt thanks to God Almighty for His blessings and guidance throughout the completion of this thesis, titled "*Comparative Performance, Cost, and Risk Analysis of Cloud-Based Disaster Recovery Solutions for Small and Medium Enterprises (SMEs)*." The author sincerely thanks:

1. Advisor

Deep appreciation goes to the thesis advisor for providing invaluable guidance, constructive feedback, and unwavering support throughout the research process.

2. Family

Special thanks to my beloved family for their endless prayers, encouragement, and moral support, which have been a source of strength and inspiration.

3. Friends and Colleagues

Gratitude is extended to friends and colleagues for their assistance, knowledge-sharing, and technical support, contributing significantly to the progress of this research.

4. All Contributing Parties

The author also acknowledges all individuals and institutions who contributed, directly or indirectly, to the successful completion of this research.

May this thesis serve as a valuable reference in the field of Comparative Performance, Cost, and Risk Analysis of Cloud-Based Disaster Recovery Solutions for Small and Medium Enterprises (SMEs). Constructive feedback and suggestions are welcomed for future improvements.

Thank you.
