

FOREWORD

Alhamdulillah, all praise belongs to Allah SWT, by the will of His Grace and Guidance the author can finish his mini thesis titled “The Relationship Between Organizational Factors and Digital Transformation in Enhancing MSME Performance in Bandung (MSME’s in Sumur Bandung, Bandung City). This thesis was written to fulfill a prerequisite for graduation in the bachelor’s degree study program in ICT Business from Telkom University Bandung Faculty of Economics and Business. Many people offered advice, criticism and encouragement for this study, and the author was very well served. Therefore, the writer would like to thank:

1. The author’s cherished parents, alm. H. Ir. Iwan Setiawan M.Eng, M.Sc, M.BA and Hj. Dewi Handayani. They have given the author their undying support and unprecedented love, guidance whether it being worldly advice or religious advice.
2. Dr. Sunu Puguh Hayu Triyono, S.T., M.M, as the author’s supervisor in writing this mini thesis who also guided the author throughout the entire writing and research process until the completion of this mini thesis.
3. Dr. Putri Fariska Sugestie S.Si, M.Si, as the guardian lecturer who has given advice throughout the completion of this mini thesis.
4. The entirety of ICT 2 class of 2021 who have made the author’s campus life more colourful and enjoyable.
5. Meisya Harianidewi, S.Tr.Ak, as the author’s closest friend who have given the author emotional support and offered her hand in helping the author in writing this mini thesis.
6. The parties involved in the research, the respondents of the research questionnaire who have been kind enough to give their precious time to contribute for the author’s data collection
