

## DAFTAR ISI

|                                               |       |
|-----------------------------------------------|-------|
| LEMBAR PENGESAHAN .....                       | ii    |
| LEMBAR ORISINALITAS.....                      | iv    |
| ABSTRAK .....                                 | vii   |
| <i>ABSTRACT</i> .....                         | viii  |
| KATA PENGANTAR.....                           | ix    |
| UCAPAN TERIMA KASIH .....                     | x     |
| DAFTAR ISI .....                              | xii   |
| DAFTAR TABEL.....                             | xv    |
| DAFTAR GAMBAR .....                           | xvi   |
| DAFTAR LAMPIRAN .....                         | xviii |
| DAFTAR ISTILAH .....                          | xix   |
| BAB I PENDAHULUAN .....                       | 1     |
| 1.1 Latar Belakang Masalah.....               | 1     |
| 1.2 Rumusan Masalah .....                     | 3     |
| 1.3 Tujuan dan Manfaat .....                  | 3     |
| 1.3.1 Tujuan Penelitian .....                 | 3     |
| 1.3.2 Manfaat Penelitian .....                | 4     |
| 1.4 Batasan Masalah .....                     | 4     |
| 1.5 Metode Penelitian .....                   | 5     |
| 1.6 Jadwal Pelaksanaan.....                   | 7     |
| BAB II TINJAUAN PUSTAKA DAN DASAR TEORI ..... | 8     |
| 2.1 Kajian Pustaka .....                      | 8     |
| 2.2 <i>Internet of Things</i> (IoT) .....     | 9     |
| 2.3 <i>Artificial Intelligence</i> (AI) ..... | 10    |
| 2.4 Ceri Arabika .....                        | 12    |
| 2.5 Proses Fermentasi Kopi Arabika.....       | 13    |
| 2.6 Parameter dalam Fermentasi.....           | 15    |
| 2.6.1 Suhu .....                              | 15    |
| 2.6.2 pH .....                                | 15    |
| 2.6.3 Kelembaban .....                        | 15    |

|                                                          |                                              |    |
|----------------------------------------------------------|----------------------------------------------|----|
| 2.7                                                      | Komponen Sistem Monitoring.....              | 16 |
| 2.7.1                                                    | NodeMCU.....                                 | 16 |
| 2.7.2                                                    | Sensor DS18B20.....                          | 18 |
| 2.7.3                                                    | Sensor pH 4502C.....                         | 19 |
| 2.7.4                                                    | Sensor DHT22 .....                           | 20 |
| 2.7.5                                                    | LCD I2C 20x4 .....                           | 21 |
| 2.7.6                                                    | <i>Solenoid Valve</i> .....                  | 22 |
| 2.7.7                                                    | <i>Relay 1 Chanel</i> .....                  | 23 |
| 2.7.8                                                    | LM2596 .....                                 | 24 |
| 2.7.9                                                    | <i>Buzzer</i> .....                          | 25 |
| 2.7.10                                                   | <i>Blynk</i> .....                           | 25 |
| 2.8                                                      | Standar Deviasi .....                        | 28 |
| BAB III METODOLOGI PENELITIAN DAN RANCANGAN SISTEM ..... |                                              | 30 |
| 3.1                                                      | Desain Rancangan Sistem.....                 | 30 |
| 3.2                                                      | Diagram Blok.....                            | 32 |
| 3.3                                                      | Fungsi dan Fitur .....                       | 34 |
| 3.4                                                      | Desain Perangkat Keras .....                 | 37 |
| 3.5                                                      | Spesifikasi Sub Sistem.....                  | 39 |
| 3.5.1                                                    | Suhu .....                                   | 39 |
| 3.5.2                                                    | pH .....                                     | 40 |
| 3.5.3                                                    | Kelembaban .....                             | 40 |
| 3.5.4                                                    | <i>Solenoid valve</i> .....                  | 40 |
| 3.5.5                                                    | <i>Blynk</i> .....                           | 41 |
| BAB IV HASIL DAN PEMBAHASAN.....                         |                                              | 42 |
| 4.1                                                      | Hasil Implementasi Alat.....                 | 42 |
| 4.1.1                                                    | Akuisisi Data dan Monitoring .....           | 42 |
| 4.1.2                                                    | Sistem Kendali dan Peringatan Otomatis ..... | 49 |
| 4.2                                                      | Hasil Pengujian Alat dan Sistem.....         | 54 |
| 4.2.1                                                    | Pengujian Suhu .....                         | 54 |
| 4.2.2                                                    | Pengujian Kelembaban .....                   | 57 |
| 4.2.3                                                    | Pengujian pH .....                           | 60 |
| 4.2.4                                                    | Pengujian <i>Solenoid valve</i> .....        | 62 |

|                                |                                          |    |
|--------------------------------|------------------------------------------|----|
| 4.2.5                          | Pengujian <i>Blynk</i> .....             | 63 |
| 4.3                            | Analisis Hasil .....                     | 66 |
| 4.3.1                          | Analisis Hasil Pengujian Rasa Kopi ..... | 67 |
| BAB V SIMPULAN DAN SARAN ..... |                                          | 73 |
| 5.1                            | Simpulan .....                           | 73 |
| 5.2                            | Saran .....                              | 74 |
| DAFTAR PUSTAKA .....           |                                          | 75 |
| LAMPIRAN .....                 |                                          | 79 |
