

## Daftar Isi

|   |      |
|---|------|
| <b>Abstract</b> .....   | i    |
| <b>Abstraksi</b> .....  | ii   |
| <b>Kata Pengantar</b> .....                                   | iii  |
| <b>Daftar Isi</b> .....                                       | v    |
| <b>Daftar Gambar</b> .....                                    | viii |
| <b>Daftar Tabel</b> .....                                     | xi   |
| <b>Daftar Persamaan</b> .....                                 | xii  |
| <b>Daftar Singkatan</b> .....                                 | xiii |
| <b>BAB I Pendahuluan</b> .....                                | 1    |
| 1.1. Latar Belakang.....                                      | 1    |
| 1.2. Perumusan Masalah.....                                   | 4    |
| 1.3. Ruang Lingkup Penelitian .....                           | 5    |
| 1.4. Tujuan Penelitian.....                                   | 6    |
| 1.5. Sistematika Penulisan .....                              | 9    |
| <b>BAB II Tinjauan Teori</b> .....                            | 9    |
| 2.1. Konsep Dasar MVNO .....                                  | 9    |
| 2.1.1 Definisi MVNO .....                                     | 9    |
| 2.1.2 Jenis dan Bentuk MVNO.....                              | 11   |
| 2.1.3 Keterkaitan MVNO dengan MNO.....                        | 12   |
| 2.2. Fundamental GSM.....                                     | 15   |
| 2.2.1 Konfigurasi Dasar GSM .....                             | 15   |
| 2.2.2 Signaling System No.7 .....                             | 16   |
| 2.2.2.1 Physical SS7 Network .....                            | 17   |
| 2.2.2.2 Arsitektur SS7 Berdasarkan Struktur 7 OSI Layer ..... | 18   |
| 2.2.3 GSM Mobility Management.....                            | 22   |

|  |  |           |
|--|--|-----------|
| 2.2.4  | Identifikasi dalam GSM.....                      | 23        |
| 2.2.4.1  | IMSI .....                                       | 23        |
| 2.2.4.2  | TMSI .....                                       | 24        |
| 2.2.4.3  | IMEI .....                                       | 25        |
| 2.2.4.5  | MSISDN .....                                     | 25        |
| 2.2.4.6  | MSRN (Mobile Station Roaming Number) .....       | 26        |
| 2.3  | MVNO dan Telekomunikasi di Hongkong.....         | 27        |
| <b>BAB III Metodologi Penelitian .....</b>                 |  | <b>31</b> |
| 3.1.   | Pola Pikir Penelitian .....                      | 31        |
| 3.2.   | Metode Penelitian.....                           | 32        |
| 3.3.   | Metode Pengumpulan Data Penelitian.....          | 35        |
| 3.4.   | Metode Desain Network.....                       | 37        |
| 3.5.   | Metode Pengukuran dan Evaluasi Performansi ..... | 38        |
| 3.5.1  | Network Overall ASR .....                        | 40        |
| 3.5.2  | Network Overall NER .....                        | 41        |
| 3.5.3  | Network Overall ACD.....                         | 42        |
| 3.5.4  | Network Overall PDD .....                        | 43        |
| 3.5.5  | Network Overall Location Update.....             | 44        |
| <b>BAB IV Multiple MSISDN SINGLE IMSI di platform MVNO</b> |  | <b>45</b> |
| 4.1.   | Pola Pikir Penelitian .....                      | 46        |
| 4.2.   | Kondisi Eksiting Network MVNO .....              | 47        |
| 4.3.   | SIM Card Multiple MSISDN .....                   | 48        |
| 4.4.   | Konfigurasi Single IMSI Multiple MSISDN.....     | 51        |
| 4.5.   | System Requirement.....                          | 54        |
| 4.6.   | System Design dan Implementasi.....              | 55        |
| 4.6.1  | Location Update .....                            | 55        |
| 4.6.2  | MTC dan MOC.....                                 | 57        |

|  |  |           |
|--|--|-----------|
| 4.6.3                                      | SMS Service .....  | 59        |
| 4.7  | Konfigurasi Signaling.....   | 60        |
| 4.8  | Konfigurasi ISUP .....   | 63        |
| <b>BAB V Analisa dan Performansi .....</b> |  | <b>65</b> |
| 5.1.                                       | Perbandingan Single Roaming dan MVNO Platform<br>Roaming .....             | 65        |
| 5.2.                                       | Network Overall .....  | 70        |
| 5.2.1                                      | Definisi dari tabel Performansi.....                                       | 70        |
| 5.2.2                                      | Traffic MVNO.....  | 70        |
| 5.3.                                       | Perbandingan Traffic setelah implementasi platform<br>Multiple MSISDN..... | 72        |
| 5.4.                                       | KPI Measurement.....   | 76        |
| 5.4.1                                      | ASR Measurement.....   | 76        |
| 5.4.2                                      | Perbandingan ASR sebelum dan sesudah implementasi.                         | 78        |
| 5.4.3                                      | NER Rasio .....  | 79        |
| 5.4.4                                      | ACD / ALOC.....  | 79        |
| 5.4.5                                      | PDD.....   | 82        |
| 5.5.                                       | GRQ Statistik F-SMdan LUSR .....   | 84        |
| 5.6.                                       | Perbandingan Jumlah Subscriber.....  | 86        |
| 5.7.                                       | Analisa penurunan ASR inbound dalam Platform baru..                        | 87        |
| 5.8.                                       | Analisa Pengembangan Sistem.....   | 90        |
| <b>BAB VI Kesimpulan dan Saran .....</b>   |  | <b>93</b> |
| 5.1.                                       | Kesimpulan.....  | 93        |
| 5.2.                                       | Saran.....   | 95        |
| <b>Daftar Pustaka .....</b>                |  | <b>97</b> |
| Lampiran .....                             |  | 99        |
